

# Covid19 Global Forecasting

Name:

Hafeez Ullah - 2572872

Danish Shahzad -2572862

Group Id: 8

# 1. Overview of Project

- Current Situation of Covid-19
- Datasets taken for the project

## 2. Global Trend Analysis

- covid-19 till today

# 3. Generic Selection of Countries

- Countries selected on the basis of Deaths

A collection of abstract geometric shapes in purple, orange, blue, and teal. There is a purple circle at the top left, an orange triangle at the top center, a blue semi-circle on the left, a purple circle in the center, a large blue circle at the bottom, and several teal line segments of various lengths and orientations scattered around.

# Model implementation

- implementation
- complexity of model

The slide features several abstract geometric shapes in the background. In the top left, there is a purple circle and an orange triangle. Below the triangle is a large blue semi-circle. To the left of the semi-circle are two vertical teal bars. In the center, there is a purple circle. At the bottom, there is a large blue circle and several teal curved lines. On the left side, there is an orange square.
